

Daxin Materials Corporation

2023 Annual Shareholders' Meeting Minutes

(Translation)

Date and Time: 9:30 am (Thursday) June 15, 2023

Place: No.15, Keyuan 1st Rd., Xitun Dist., Taichung City, 407, Taiwan (R.O.C.)
(Daxin Materials Corporation)

Total DAXIN outstanding shares: 102,715,911 shares

Total shares represented by shareholders present in person or by proxy: 67,939,574 shares
(including 62,155,589 shares casted electronically)

Percentage of shares held by shareholders present in person or by proxy: 66.14%

Directors present: Cheng-Yih Lin, Chairman

Tsung-Hsing Kuo, Director and President

Chin-Cheng Pan, Representative of Eternal Materials Co. Ltd., Director

Xin-Wu Lin, Independent Director and Chair of the Audit Committee

Attendees: Lu, Chien-Hui, Certified Public Accountant, KPMG

Chair: Cheng-Yih Lin, Chairman

Recorder: Yen-Chen Liu

I. Call Meeting to Order (The aggregate shareholding of the shareholders present in person or by proxy constituted a quorum. The Chair called the meeting to order.)

II. Chairman's Address (omitted)

III. Report Items

1. To report the Business of 2022

Explanatory Notes:

For 2022 Business Report, please refer to Attachment 1(P.6~9).

2. Audit Committee's review report

Explanatory Notes:

For Audit Committee's review report, please refer to Attachment 2(P.10).

3. To report the distribution of employees' and directors' Remuneration of 2022

Explanatory Notes:

- (1) The Board of Directors approved the distribution of 2022 employees' and directors' remuneration on February 22, 2023. The employees' remuneration is NT\$ 39,661,379 and the directors' remuneration is NT\$ 3,966,138; both shall be paid in cash.
- (2) The aforementioned amounts of remuneration to employees and Directors that are approved by the Board of Directors are the same as the amount recognized in the 2022 financial statements.

4. To report the cash dividend distribution of 2022

Explanatory Notes:

- (1) The dividend distribution in the form of cash shall be approved by the Board of Directors and reported to the shareholders' meeting, in accordance with Article 15-1 of Articles of Incorporation.
- (2) The distribution of cash dividends to shareholders is NT\$338,962,506 from the retained earnings available for distribution as of December 31, 2022, and the Company distributed dividends of NT\$3.3 per common share, have been approved by the meeting of Board held on February 22, 2023. The cash dividends will be distributed to each shareholder will be paid to the rounded-down to the nearest one NTD (any amount below one NTD will be discarded). The aggregate dividend resulting from the above rounded-down, will be distributed to the shareholders in descending order of decimal point and in ascending order of shareholder account number, until the total amount of cash dividend has been fully distributed. The chairman is authorized to determine the ex-dividend date and other relevant matters.
- (3) If the dividend distribution ratio is adjusted due to a change in the Company's total number of outstanding common shares, it is proposed that the Chairman be authorized to proceed with the relevant matters.

IV. Election Item

To elect eight directors (including four independent directors). (proposed by the Board of Directors)

Explanatory Notes:

- (1) The term of office for the sixth-term directors expired on June 18, 2023. Thus, it is proposed to re-elect at the 2023 Annual Shareholders' Meeting.
- (2) According to Article 10 of the Company's Articles of Incorporation, it is proposed to elect 8 directors (including 4 independent directors), and directors shall be elected by adopting candidate nomination system.
- (3) The term of office for the new directors is 3 years from the date for the completion of the 2023 Shareholders' Meeting. The sixth-term directors will leave their office on the date the new directors are elected.
- (4) The Company has established an audit committee. According to Article 4 of the "Regulations Governing the Exercise of Powers by Audit Committees of Public Companies", the audit committee shall be composed of the entire number of independent directors, and at least one of whom shall have accounting or financial expertise.
- (5) The list of director candidates has been nominated and approved by the Company's Board of Directors resolution on May 3, 2023, please refer to Attachment 3 (P.11~12).

Election Result: Eight directors (including four independent directors) were elected by the shareholders present. The term of the office of the elected seventh-term is three years commencing on June 15, 2023 and expiring on June 14, 2026. The list of the newly elected directors with indication of votes received by each was as listed below:

Title	Shareholder Name or Name	Votes Received
Director	Cheng-Yih Lin	62,652,926
Director	Tsung-Hsing Kuo	60,295,557
Director	Chin-Cheng Pan Representative of Eternal Materials Co. Ltd.	59,761,473
Director	Ting-Li Lin Representative of Konly Venture Corporation	59,199,025
Independent Director	Xin-Wu Lin	54,506,284
Independent Director	Wei-Shun Cheng	54,465,549
Independent Director	Chiao-Mou Cheng	54,166,709
Independent Director	Chih-Chun Tsai	54,174,693

V. Recognition and Discussion Items

1. To accept 2022 Business Report and Financial Statements. (proposed by the Board of Directors)

Explanatory Notes:

- (1) For 2022 Business Report, please refer to Attachment 1(P.6~9).
- (2) The 2022 Financial Statements were audited by Chien-Hui Lu and Mei-Yu Tseng of KPMG. For Independent Auditors' Report, the aforementioned Financial Statements, please refer to Attachment 4 & 5(P.13~28).

Voting results: 67,940,574 shares were represented at the time of voting.

Voting Result	Voting rights	% of the total represented shares present
Votes in favor	63,786,948	93.88%
Votes against	5,214	0.00%
Votes invalid	0	0.00%
Votes abstained	4,148,412	6.10%

RESOLVED, that the above proposal be and hereby was accepted as proposed.

2. To accept the proposal for the distribution of 2022 earnings. (proposed by the Board of Directors)

Explanatory Notes:

For the Proposal for 2022 Earnings Distribution, please refer to Attachment 6(P.29).

Voting results: 67,940,574 shares were represented at the time of voting.

Voting Result	Voting rights	% of the total represented shares present
Votes in favor	63,779,838	93.87%
Votes against	14,324	0.02%
Votes invalid	0	0.00%
Votes abstained	4,146,412	6.10%

RESOLVED, that the above proposal be and hereby was accepted as proposed.

3. To approve the amendment of the “Procedures for Acquisition and Disposal of Assets” (proposed by the Board of Directors)

Explanatory Notes:

It is proposed to amend the “Procedures for Acquisition and Disposal of Assets” in accordance with the “Regulations Governing the Acquisition and Disposal of Assets by Public Companies” amended by January 28 2022 Order No.

Financial-Supervisory-Securities-Corporate-1110380465. Comparison table for before and after the amendments is attached hereto as Attachment 7 (P.30~47).

Voting results: 67,940,574 shares were represented at the time of voting.

Voting Result	Voting rights	% of the total represented shares present
Votes in favor	63,787,421	93.88%
Votes against	7,223	0.01%
Votes invalid	0	0.00%
Votes abstained	4,145,930	6.10%

RESOLVED, that the above proposal be and hereby was accepted as proposed.

4. To lift the non-competition restriction on directors (proposed by the Board of Directors)

Explanatory Notes:

- (1) According to Article 209 of the Company Act, “a director who does anything for himself or on behalf of another person that is within the scope of the company's business, shall explain to the meeting of shareholders the essential contents of such an act and secure its approval.”
- (2) List of non-competition restrictions proposed to be lifted in the 2023 annual shareholders’ meeting. The aforementioned list is attached hereto as Attachment 8(P.48).

Voting results: 67,940,574 shares were represented at the time of voting.

Voting Result	Voting rights	% of the total represented shares present
Votes in favor	63,779,645	93.87%
Votes against	14,000	0.02%
Votes invalid	0	0.00%
Votes abstained	4,146,929	6.10%

RESOLVED, that the above proposal be and hereby was accepted as proposed.

VI. Extempore Motions

There being no extempore motions, and the Chair announced the meeting was adjourned.

VII. Adjournment

The meeting was adjourned at 9:56 a.m.

There were no shareholders' questions at this shareholders' meeting.

Chapter I Attachment

Attachment 1

Daxin Materials Corporation 2022 Business Report

2022 was a year full of challenges and uncertainty around the world. Our performance in 2022 was affected by a variety of global factors. As the display market experienced a shift from pandemic-driven demand surge to unprecedented oversupply, panel makers started to reduce production capacity due to the market downturn. Furthermore, the rise in US interest rates, inflation, and the ongoing conflict in Ukraine has significantly impacted the consumer market.

The slump in demand for panels during the second half of 2022 resulted in a 13.8% decrease in our revenue from display materials for the year, which is in sharp contrast to the 4.6% growth achieved in the first half of 2022. The gross profit margin also decreased to 32.0% from 35.7% in 2021. Despite the drop in panel prices in the second half of 2022, there are signs of recovery. Besides, several display makers have begun to scale back their capacity utilization rates. In 2023, global demand for display panel remains uncertain and display materials suppliers will face challenges due to slow inventory depletion. We will continue to enhance our competitiveness by optimizing material costs and manufacturing processes, innovating our product portfolio, and investing in next-generation display materials to adapt to the dynamic nature of the industry.

A successful semiconductor material usually requires a long period of verification process. Daxin has made endeavors in the development of semiconductor materials for many years. In 2022, our revenue from semiconductor materials increased to 5.4%, reflecting a significant rise in revenue contribution. Through our sustained investment in research and development of products, equipment, and processes, as well as strategic collaborations with top-tier semiconductor foundries and materials companies, we anticipate growth in the semiconductor materials market.

Financial Performance

1. Operating revenue

Consolidated operating revenue in 2022 was NT\$3.889 billion, representing a NT\$624 million or 13.8% decrease from NT\$4.513 billion in 2021.

2. Operating income

Consolidated operating income in 2022 was NT\$438 million, representing a NT\$330 million or 42.9% decrease from NT\$768 million in 2021.

3. Profit after tax

Profit after tax in 2022 was NT\$426 million, representing a NT\$254 million or 37.4% decrease from NT\$680 million in 2021.

Research and development:

The Company's three major product markets include display materials, semiconductor materials, and key raw materials. In 2022, we spent NT\$440 million toward research and development (R&D), and invested a significant amount of resources innovating products and advanced manufacturing technology, acquiring precision equipment and instruments, and building plants and high-purity production lines.

Display materials:

Although the overall panel production utilization declined sharply in the second half of 2022, the Company remained committed to optimizing costs, improving performance, and adjusting our product portfolio to strengthen our R&D strategy and maintain competitiveness during the industry downturn. As a result, we have made significant achievements thus far.

Liquid crystal PI alignment layer has successfully entered the market which was previously dominated by two major Japanese manufacturers, and has been generating high profits with a high entry barrier. This breakthrough has led to contributing revenue and further highlights Daxin's technological capabilities are being recognized.

Photo spacer and copper etchant have continued to maintain the leading positions in the market. In addition, the company has developed green products with higher specifications and aligned with ESG goals. Daxin has established and demonstrated its technological capabilities in independently supplying upstream key raw materials. In addition, the company has effectively increased profits from mature products.

Semiconductor and key raw materials:

The Company prioritizes and has allocated substantial resources to independent research and development of materials design, equipment, and process technologies. As a result, the company has established advanced purification technology as well as high-quality precision manufacturing technology, and supplies semiconductor-grade chemicals with high purity, low particle (19nm < 20EA/wafer), and low ionic impurities (<0.1ppb).

- Semiconductor material products

The Company operates in the semiconductor industry through three different approaches:

1. Independent research and development
2. Collaboration with top-tier semiconductor materials companies
3. Co-development with top-tier semiconductor foundries

The products we've developed:

Process non-permanent materials (or indirect materials) and permanent materials will be applied in semiconductor processes of FEOL, BEOL, and advanced packaging. Currently, products have been adopted by clients' production lines, and more products are under verification. In 2022, we've also completed the Angstrom Semiconductor Initiative of the Ministry of Economic Affairs (MOEA).

We have verified and jointly developed several indirect materials with customers, which will be used in the 3 nm process and beyond. Once we obtain the client's POR (Process of Record) and introduce it into mass production, we will be the first source and single source material supplier. In addition to process indirect materials, we also invest in the development of direct permanent materials with high technical entry barriers. For instance, materials like Photosensitive Polyimide require a long verification process, but their value increase significantly once they enter mass production.

- Key raw material products:

The product line is primarily categorized into functional monomers and special polymers, which are applied in displays, semiconductors, and other electronic materials. Their key features include high purity and low ionic impurities. The company's expertise in processing and equipment enables them to produce small-batch and diverse types of high-end chemical products to meet the industry demand for high-quality and specialty key electronic materials. While the production and sales of these products may be time-consuming, their long product life cycle that are less affected by economic fluctuations, making them a valuable investment once successfully introduced.

Outline of Business Plan

In 2022, the Company's major revenue came from the sales of LCD materials. We will continue to optimize the manufacturing process and product portfolio to support the investment in semiconductors and key raw materials. We have been dedicated to the semiconductor industry for many years, and our efforts are yielding results as new production lines gradually obtain customer certifications. Our revenue contribution from semiconductor materials has increased in 2022, and we anticipate that it will continue to drive our business growth in the future.

The company has established semiconductor production lines in the existing factory and has already started mass production of semiconductor products. In addition, a new semiconductor material manufacturing plant has been built and installed with production lines for synthesis, purification, and formulation of high-purity semiconductor grade chemicals. We expect there will be significant growth after mass production. To enhance our performance in semiconductor and key raw materials, we will focus on two primary operational directions: independent material development and collaboration with international manufacturers:

- Develop new materials for next-generation advanced processes and advanced packaging:
 - Establish a local supply chain of advanced semiconductor materials.
 - Supply high-purity and high-quality semiconductor chemicals.
 - Develop new materials for next-generation advanced processes and advanced packaging.
- Collaborate with top-tier semiconductor foundries and materials companies:
 - Strengthen high-quality production of high-purity chemicals for advanced wet processes.
 - Improve precision manufacturing technologies of high-purity polymer synthesis for advanced photoresists.
 - Co-develop new materials for innovative process technologies and application-specific 3D architecture.

Future outlook

Looking forward, our focus will be on developing higher specifications products in the display market to maintain our competitiveness. Furthermore, with years of dedicated efforts, semiconductor materials have begun to contribute revenue. We believe that the semiconductor industry will continue to experience long-term growth. As wafer fabs have expanded their production capacity globally, we anticipate an increased demand for key permanent materials and process chemicals, resulting in continued growth in revenue from semiconductor materials. Our comprehensive roadmap for key raw materials has enabled us to expand into multiple fields of both upstream and downstream of the industry supply chain, thus creating new business opportunities in the market.

Daxin is committed to fulfilling its role as a responsible corporate citizen and supporting the United Nation's Sustainable Development Goals (SDGs) to implement sustainable measures.

For environmental aspect, we have increased resource utilization efficiency and circular economy, and received the "2022 Waste Reduction and Circular Resources Excellent Company" and the "2022 AUO Best Circular Economy Partners Award", recognized by Central Taiwan Science Park Administration and AUO Corporation. As for social aspect, Daxin provides a safe and healthy work environment, and has been recognized as an "iSports" certified company by the Sports Administration, Ministry of Education since 2018. Daxin also continues to cultivate future talents and support scientific education, such as the "Daxin Graduate Scholarship." Besides, we have sponsored local musical events and Taiwan Fund for Children and Families (TFCF) Christmas Wish Sponsorship Program. Thus, Daxin actively develops positive relationships with all stakeholders to create value for the common good. In terms of corporate governance, Daxin established ESG Committee in 2022. The Board of Directors supervises progress towards sustainable development, and senior executives lead each department to adopt sustainable business practices. With our

dedication to sound corporate governance, we will continue to deliver growth for our shareholders.

Beyond 2023, Daxin will strive to foster innovations for sustainability, and advance materials design technologies to develop environmentally friendly products. In addition to expanding the display materials market, Daxin aims to enhance semiconductor materials development to become a key supplier in the global semiconductor supply chain. Finally, we would like to extend our sincere appreciation to all shareholders for your long-term trust and continuous support.

Daxin Materials Corporation Audit Committee's Review Report

The Board of Directors of the Company has prepared and submitted the Company's 2022 Business Report, earnings distribution proposal and Financial Statements (including the parent company only and consolidated financial statements). Among them, Chien-Hui Lu and Mei-Yu Tseng, Certified Public Accounts of KPMG, have audited the Financial Statements (including the parent company only and consolidated financial statements). The aforementioned business report, earnings distribution proposal, and financial statements (including the parent company only and consolidated financial statements) have been reviewed by the Audit Committee and no discrepancy is found. The report is in accordance with Article 14-4 of the Securities and Exchange Act and Article 219 of the Company Act, and we hereby submit this report.

To

2023 Annual Shareholders' Meeting of Daxin Materials Corporation

Convener of the Audit Committee: *Xin-Wu Lin*

Attachment 4

Independent Auditors' Report

To the Board of Directors of Daxin Materials Corporation:

Opinion

We have audited the consolidated financial statements of Daxin Materials Corporation and its subsidiaries ("the Group"), which comprise the consolidated balance sheets as of December 31, 2022 and 2021, the consolidated statements of comprehensive income, changes in equity, and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2022 and 2021, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards ("IFRS"), International Accounting Standards ("IAS"), Interpretations developed by the International Financial Reporting Interpretations Committee ("IFRIC") or the former Standing Interpretations Committee ("SIC") endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountant and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Based on our judgement, the key audit matters that should be disclosed in this audit report are as follows:

1. Revenue recognition

Please refer to note 4(13) "Revenue recognition" for accounting policy and note 6(16) "Revenue from contracts with customers" of the consolidated financial statements for further information.

1. Revenue

Please refer to note 4(13) "Revenue recognition" for accounting policy and note 6(16) "Revenue from contracts with customers" of the consolidated financial statements for further information.

Description of the key audit matter:

Revenue generation is a key operating activity of a company, and the Group's major portion of revenue is composed of related parties' transactions which might have inherently higher risk of fraud. Moreover, revenue recognition is also dependent on the various sales terms in each individual contract with customers to ensure the performance obligation has been satisfied by transferring control over a product to a customer. Consequently, revenue recognition is one of the key areas our audit focused on.

How the matter was addressed in our audit:

In relation to the key audit matter above, we have performed certain key audit procedures that included understanding and testing the Group's controls surrounding revenue recognition; understanding the Group's revenue types, its sales terms, related sales agreements and other supporting documents, to assess whether revenue recognition policies are applied appropriately; evaluating the trend of revenue; understanding the nature of related parties' transactions; performing the circularization of related-parties transactions; computer-aided testing sales cut off, on a sampling basis, for transactions incurred within a certain period before or after the balance sheet date to evaluate whether the revenue was recorded in proper period; and assessing the adequacy of the Group's disclosures of its revenue recognition policy and other related disclosures.

2. Valuation of inventories

Please refer to note 4(8) "Inventory" for accounting policies on inventory valuation; note 5 for uncertainty of accounting estimation and assumptions for inventory valuation, and note 6(5) "Inventories" for details of related disclosures.

Description of the key audit matter:

Inventories are measured at the lower of cost and net realizable value at the reporting date. Due to rapid product innovation and keen market competition, the Group's products may no longer meet market demand in short time and lead to the rapid fluctuation in the sales demand, as well as the selling price, which may result in product obsolescence and the cost of inventories to be higher than the net realizable value. Therefore, the valuation of inventories has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, we have performed certain key audit procedures that included evaluating whether valuation of inventories was accounted by the nature of inventories (the storage life of chemicals); performing sampling tests to verify the accuracy of inventory aging; understanding and testing the Group's controls surrounding inventories obsolescence management; inspecting the calculation mode of net realizable value; sampling the related tickets and supporting documents; evaluating whether valuation of inventories was accounted by in accordance with the Group's accounting policies, as well as the reasonableness of inventory provision policy; and assessing the adequacy of the Group's disclosures of its inventory valuation policy and other related disclosures.

Other Matter

Daxin Materials Corporation has additionally prepared its parent-company-only financial statements as of and for the years ended December 31, 2022 and 2021, on which we have issued an unmodified audit opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the IFRS, IAS, IFRIC, SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chien-Hui Lu and Mei-Yu Tseng.

Independent Auditors' Report

To the Board of Directors of Daxin Materials Corporation:

Opinion

We have audited the parent-company-only financial statements of Daxin Materials Corporation("the Company"), which comprise the balance sheets as of December 31, 2022 and 2021, the statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the parent-company-only financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying parent-company-only financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountant and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent-company-only Financial Statements section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent-company-only financial statements of the current period. These matters were addressed in the context of our audit of the parent-company-only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Based on our judgement, the key audit matters that should be disclosed in this audit report are as follows:

1. Revenue recognition

Please refer to note 4(13) "Revenue recognition" for accounting policy and note 6(17) "Revenue from contracts with customers" of the parent-company-only financial statements for further information.

Description of the key audit matter:

Revenue generation is a key operating activity of a company, and the Company's major portion of revenue is composed of related parties' transactions which might have inherently higher risk of fraud. Moreover, revenue recognition is also dependent on the various sales terms in each individual contract with customers to ensure the performance obligation has been satisfied by transferring control over a product to a customer. Consequently, revenue recognition is one of the key areas our audit focused on.

How the matter was addressed in our audit:

In relation to the key audit matter above, we have performed certain key audit procedures that included understanding and testing the Company's controls surrounding revenue recognition; understanding the Company's revenue types, its sales terms, related sales agreements and other supporting documents, to assess whether revenue recognition policies are applied appropriately; evaluating the trend of revenue; understanding the nature of related parties' transactions; performing the circularization of related-parties transactions; computer-aided testing sales cut off, on a sampling basis, for transactions incurred within a certain period before or after the balance sheet date to evaluate whether the revenue was recorded in proper period; and assessing the adequacy of the Company's disclosures of its revenue recognition policy and other related disclosures.

2. Valuation of inventories

Please refer to note 4(7) "Inventory" for accounting policies on inventory valuation; note 5 for uncertainty of accounting estimation and assumptions for inventory valuation, and note 6(5) "Inventories" for details of related disclosures.

Description of the key audit matter:

Inventories are measured at the lower of cost and net realizable value at the reporting date. Due to rapid product innovation and keen market competition, the Company's products may no longer meet market demand in short time and lead to the rapid fluctuation in the sales demand, as well as the selling price, which may result in product obsolescence and the cost of inventories to be higher than the net realizable value. Therefore, the valuation of inventories has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, we have performed certain key audit procedures that included evaluating whether valuation of inventories was accounted by the nature of inventories (the storage life of chemicals); performing sampling tests to verify the accuracy of inventory aging; understanding and testing the Company's controls surrounding inventories obsolescence management; inspecting the calculation mode of net realizable value; sampling the related tickets and supporting documents; evaluating whether valuation of inventories was accounted by in accordance with the Company's accounting policies, as well as the reasonableness of inventory provision policy; and assessing the adequacy of the Company's disclosures of its inventory valuation policy and other related disclosures.

Responsibilities of Management and Those Charged with Governance for the Parent-Company-Only Financial Statements

Management is responsible for the preparation and fair presentation of the parent-company-only financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of parent-company-only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent-company-only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Parent-Company-Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent-company-only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent-company-only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent-company-only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent-company-only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the parent-company-only financial statements, including the disclosures, and whether the parent-company-only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the investee companies in other entities accounted for using the equity method to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent-company-only financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chien-Hui Lu and Mei-Yu Tseng.

KPMG

Taipei, Taiwan (Republic of China)

Notes to Readers

The accompanying parent-company-only financial statements are intended only to present the statement of financial position, financial performance and its cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such parent-company-only financial statements are those generally accepted and applied in the Republic of China.

The independent auditors' report and the accompanying parent-company-only financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors' report and parent-company-only financial statements, the Chinese version shall prevail.
